This Pattern has been tested for accuracy, Dormani Yarns, however, cannot accept responsibility for typographical errors or misinterpretation of instructions.

The concept behind the Mobius is really quite simple – a rectangle knitted then twisted through 180 degrees and joined to the cast on edge.

Wear this as an accessory and feel free to play with the dimensions and the stitch structure – this piece offers tons of creative potential.

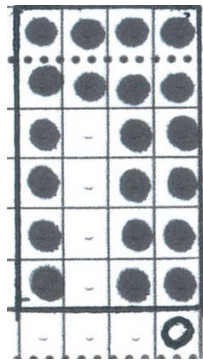

Add lurex for festive “bling”

Read Instructions completely before you start!

Skill Level: Basic
